

PLANS APPROVED FOR A CITY PARK

Members of the city park and planning commission, at a meeting Thursday afternoon at the chamber of commerce, completed the plans for taking over the property east of the high school for a city park.

The plan calls for the formation of a holding company to buy the land for the city. The city is to put up \$100,000, for which it is to receive immediately 214 acres for park purposes. A holding company made up of citizens is to subscribe the rest of the money necessary to pay for the land and improve that portion of the property to be sold. Subscribers to the holding company will receive only a percent return on the money loaned. All profits accruing from the sale of lots after the acquisition and the interest are paid, are to go to the city for improvement of the park.

Steps are now being taken to secure subscriptions to the holding company so that when the matter is presented to the city council there will be no delay if the council accepts the plan.

A bond issue for the \$100,000 will be necessary.

The acquisition of this land would

Work Started On Main Roadway Of Scenic Drive

It was announced at the city hall Friday that work has begun on both sections of the main roadway of the scenic drive. Dudley A. Orr, who has the contract for one section, has three gangs of men at work. J. C. Wright, who has the other contract, has a large crew of men at work. The contractor's bonds guaranteeing the completion of the work as per contract, have been approved.

The approach to the driveway, which the city workmen made, is finished.

The council will under trees planted in the little park place at scenic point and grass will be planted there. A fence will be built about the scenic drive. It will be painted with aluminum paint or else a system of electric lights will be installed.

The roadway will be surfaced under separate contract.

Five cities in the country are as fortunate as El Paso in having such large areas of territory so close to the center of population that can be converted into a park. Though in securing a close-in park, cities have to overcome costly hindrances to get the space. Here, only the land has to be bought.

Denver, as an example, in acquiring land for its civic center, or around central park, spent close to a million dollars for the property alone. Many two- and three-story buildings had to be wrecked to make room for the park.

Col. W. P. Gaines, Famous Veteran Texas Newspaper Man, Dies in New York

New York, March 18.—Col. William Pendleton Gaines, owner of the Austin (Texas) Statesman, who became known from one end of Texas to the other through victory achieved over Ben Thompson, notorious bandit, died at his home last night of heart disease.

In the days when Austin was a young city and bandit raids numerous, Col. Gaines, through his newspaper, attacked the city officials for their inefficiency in coping with the bandits.

After having warned Col. Gaines that he intended to kill him and blow up his plant, Thompson accompanied by his followers, stalked into the office and found the colonel waiting for him. Thompson slipped his pistol back into its holster, and after chatting with the editor, shook hands and parted with this tribute: "You're the bravest man I ever met."

After that Austin was no longer troubled by bandits.

Col. Gaines was born in Richmond, Texas, in 1857. Besides his widow, he leaves a son, William Pendleton Gaines. Funeral services will be held in Austin.

COURT DISPOSES OF FIVE CASES

Charges of committing a statutory offense were dismissed against Mr. and Mrs. C. Hobbins following a preliminary hearing Thursday afternoon before Justice of the Peace Clark Wright. The 18-year-old son will be tried on a similar charge in the juvenile court. A 14-year-old girl, charged with the complaint against the parents and son.

Jesus Vasquez, charged with burglary, accused of attempting to cut through a plate glass window in a tailor shop, will be given a preliminary hearing this afternoon before Justice of the Peace Clark Wright.

Calvin and Douglas Edmcott, each about 28 years old, charged with burglary in connection with alleged theft from the Salvation Army headquarters, were confronted with additional trouble Thursday afternoon when a complaint alleging the theft of an automobile was filed against them before Justice of the Peace Clark Wright.

A complaint was filed Thursday afternoon against Isaac Flores, charging him with the theft of Mexican drugs from a store owned by S. Marcus. He will be given a preliminary hearing this afternoon before Justice of the Peace Clark Wright.

Will Smith, negro, charged with assault in connection with the cutting of Louis Stevens with a razor, was bound over to the grand jury on a \$500 bond, following a preliminary hearing Thursday afternoon before Justice of the Peace Clark Wright.
